City News Items

Week's Happenings in Brief

E. H. O'Brien made a business trip to the Capital this week.

Try a bath at the Antiseptic Barber Shop. Hot water at all hours.

The Duke of Cambridge is spending a holiday vacation with friends in the city.

Arion Peterson is moving his family to Ponoka this week, here they will reside in future.

Rev. Mr. Simpson will preach in the Presbyterian church, next Sabbath morning and evening.

"Get your barber work, a bath and a shave at the Antiseptic Barber Shop, Drillard block."

Mr. and Mrs. J. W. Barnard arrived in this city on Wednesday evening to spend the summer with her sister, Mrs. A. H. Barnard.

Mrs. R. W. Gibbs returned home this week after visiting in St. Paul and other places across the line for some time.

Geo. D. Wallace and family, and Miss Major went to Gull Lake on Friday where they will camp for a few weeks.

R. W. Armstrong of Edmonton is newest acquaintance in the city on Saturday last, while on his way to Drillard.

Mr. and Mrs. Jas. McEachern of Edmonton are visiting at the home of the latter's parents, Mr. and Mrs. John McEachern, 1004 Drillard. Mr. and Mrs. Bradley and Martin have moved their real estate office to the Drillard block, occupying the room just vacated by the hand boys.

Mrs. N. C. Legge of Tofield arrived in the city on Monday to spend a few days the guest of her parents Mr. and Mrs. F. Bealright.

The delivery of the "Whaleback" took place on Saturday evening last week, and body disclosed the rig. Fortunately nobody was injured.

Mr. Cooper who has been spending several months in the east, returned on Monday to resume his former position in the dry goods department of the Star Store.

Miss Mahus of Estevan arrived in this city last week to visit her mother who is in a hardware shop.

Mr. Wm. Smith, formerly proprietor of the Union Hotel, at Rawl, accompanied by his wife and children are the guests of Mr. and Mrs. W. A. Green at the hotel.

A few days ago Mr. Lyle gestured a new store from the manufacturers in Ohio, and now the suds gentleman can go anywhere in the city with comfort and speed.

Mr. and Mrs. D. J. McKitterich, who have been spending the past month in different parts of Ontario, returned home on Sunday, and will be in the old premises. Mr. Sealund has a large number of friends in the city who wish him all success.

Two large bathtubs with hot and cold water connections have just been installed at the Antiseptic Barber Shop. Another sectional glass mirror has also been ordered and will be installed in a few days. Mr. Taylor says he is determined to sustain the reputation his shop has in Western Canada for neatness, artistic arrangement and prompt and satisfactory service.

The irrepressible Wm. Yale, who has always prided himself popular with wetaskiwin audiences, will be here with a strong company on Tuesday evening next, and will present "The Tale of a Turkey." He will also put on 5,000 pairs of pictures, and the show will be known as "Yale's Marvel" (the genuine film, which has never been shown in the west previously) and "Christ entering Jerusalem, and David and Goliath." Plan a Bailey's.

The shareholders of the Hercules Rotary Engine Company, Limited will be gratified to know that Messrs. Taylor and McMillan report that Taylor has everything progressing to satisfaction. Plans and specifications are about completed for the construction of the engine which will likely be built by the John Inglin Co., Limited. This engine is expected that the new engine will be completed in 90 days or a little less.

A few days ago The Times received a tempting offer to run a series of advertisements for a mail order house at a handsome price. We were sorry to turn the contract down, as we know that the first duty of this paper is to the town in which we live, and in accepting a contract of this nature, it would be encouraging a class of business which is doing, perhaps more damage to the community than any other agency in existence. This paper has always advocated the principle of buying your goods in your home town, in so far as possible, believing that in the long run, the customer will have greater satisfaction and will be money in his pocket.

MARRIED FRIDAY; SUICIDE SATURDAY

Word was brought to the city on Saturday, the man appearing disheveled and about half dead, to the office of the city, Blant Park, a flounder, having committed suicide early that morning. Dr. Stevenson, coroner and Ser. Balley hastened to the scene and empaneled a jury to investigate the case.

John Payne in Wetaskiwin, the day before (Friday) when he was married to Miss Mary Guest, formerly of the Wetaskiwin hotel, and the two left for their home Friday afternoon, apparently in the best of spirits.

The deceased was a graduate of the University and is reported to be well off, having considerable cash as well as farm property. The rash act was evidently pre-meditated as the rope had been securely tied and a box was used to gag the end of the rope to a chair in the room.

The jury brought in a verdict of self-inflicted death, caused by strangulation from a rope around the neck, adding in their opinion the man was temporarily insane when he committed the deed.

EXCERPT FROM SERMON TO ORANGEMEN

On Sunday evening the members of the Wetaskiwin Royal Orange Lodge and a number of visiting lodges attended the Orange meeting at the Methodist church. The Wetaskiwin Citizens band headed the procession, rendering well-timed music. The church was crowded to the doors.

The pastor, Rev. A. H. Aldridge, A. D. Morrison, and others recited portions of the "Principles of the Orange Order," in which he enlarged on four good points, namely:

1. Belief in and veneration of Almighty God and Jesus Christ the only Saviour.

2. Loyalty to King and Country.

3. The standing firm to the Protestant faith, liberty of thought, liberty of conscience.

4. Loyalty to man, to kind and compassionate, and opposed to all brutality and meanness of conduct.

The standing firm to the Protestant faith, liberty of thought, liberty of conscience.

PEASANT - The character of an Orangeman.

To love all men, to kind and compassionate, and opposed to all brutality and meanness of conduct.

3. The standing firm to the Protestant

faith, liberty of thought, liberty of conscience.

4. Loyalty to King and Country.

That means loyalty to the town in which you live, to the Province, to the Dominion, to the Empire at large.

BORN

MCKINLEY - At Brownsville, Ont. on Friday, July 10, 1910, to Mr. and Mrs. W. A. McKinley.

PEARSON - At Wetaskiwin, a daughter,

a son, to Mr. and Mrs. C. Pearson a son, a son.

MARRIED

SHOWELL - JACOBSON - At the parsonage, by Rev. A. H. Aldridge, B. A. Morrison, and others. Showell and Jacobson, all of Sedgewick, Alberta.

HANSON - MALKAHN - At the parsonage, on Monday, July 11th, 1910, by Rev. A. H. Aldridge, B. A. Morrison, and others. Hanson and Malkahn, all of Dayland, Alta.

SNELL - MCALTYRE - At the parsonage on Wednesday, July 13th, 1910, by Rev. A. H. Aldridge, B. A. Davis, William Snell, to Miss McAltyre, all of Heskerhol, Alberta.

BATTLED LAKE

A. S. Moodie, Presbyterian student of Ferintosh and Battle Lake will be serving at the Battle Lake school house, on July 17th at 11 a.m. and every alternate Sunday thereafter.

Wip. McAllister, of Lewistown, left Buffalo Lake to break and improve his home with the intention of moving out in the near future.

The grail, with the exception of the bell, in this district is revering and will make a fair crop yet if favorable weather continues.

THE BAPTIST CHURCH

Last Sunday morning a male trio sang "The Riches of Love." At the same time a female quartet consisting of the Misses Carlson and Niemann, Mr. Paul Tipper and Rev. Holman sang "Come to the Savior now." There will be specially arranged music and short services next Sunday.

Next Sunday morning the pastor begins his new series of three sermons entitled "Three Old Battle Stories" with the sermon, "Unrecognized Allies;" The evening topic will be "The New Birth - What is it?"

METHODIST CHURCH NOTES

The pastor will conduct both services in the Methodist church both Sunday. It is expected that Rev. Dr. Riddell, of Edmonton will spend a few days here shortly in connection with college work. He will probably preach on 24th inst.

The citizens are awoken from their peaceful slumbers about one o'clock on Tuesday morning last, by the clanging of the fire bell. The boys and girls have been to the church building between the Drilled and the Criterion hotels, where the fire was reported to be, but fortunately no semblance of fire was to be found.

The bathes are on in full blast at the Antiseptic Barber Shop.

THE VALUE OF PUBLICITY

Noise attracts, whether it be the news regarding agricultural implements or the noise of goods well advertised. We all go with the crowd, and the crowd follows the big noise. A certain soap or talcum powder is foisted in our houses to the utter exclusion of all other soaps or talcum powders. The article that we are using is probably not a whiter heat than a number of other varieties, but on account of the noise made by the advertising manager, we believe that all other varieties are inferior.

Noise acts as a magnet, draws the attention of the multitude. This statement is not only applicable to every article manufactured, but is also applicable to every city and town, with the difference that in the case of the soap and talcum powder, the effort is to place them in the home, while with the city, the effort is to place new homes and industries in the city.

If it is profitable to expend large sums of money on the advertising of toilet articles, it surely must follow that it is good policy to expend money advertising a city or community. It therefore appears that publicity campaigns are advisable, as they make the big noise that must attract manufacturers, wholesalers, retailers and housekeepers to the centres most suitable to their purposes. A number of cities both in Canada and the United States, have found it most profitable to conduct these big noise campaigns. Their first effort may only have taken a few thousand dollars, but the interest aroused was of such a beneficial nature that subscriptions and appropriations have yearly increased until now the sum expended on the original campaign has the appearance of the "widow's mite."

The success of these campaigns is patent to all, and still a number of communities delay in their endeavor to duplicate that success, every city has stores that are of interest to newspapers, magazines and trade periodicals, but if no effort is made to send out these various items of news they will never reach the papers that they will interest. Apparently, the best means of obtaining the publication of these various stories is to associate them with a certain value, it must be realized that the success of any publicity campaign depends upon the co-operation of the publicity agent meets with

derstands the needs of the com-

munity should be willing to contribute

that would be published.

The duty of the advertising manager or rather, publicity man, of any city does not confine itself to submitting articles and stories to the press; he must act as a director of the voices of others. He sees a good story, which, if intelligently told, cannot help but arouse interest. A city may have a number of "Knights of the Grip," all horn blowers, who will appreciate securing condensed new items regarding their city or district. These could be prepared weekly by the publicity agent.

Business men are continually journeying from the home city to other large centres, and, consequently, are often asked for information regarding the home city. Occasionally it is taken to give a brief interview but oftentimes the opportunity is allowed to pass. A live publicity man should provide these men ready made interviews to be used at their discretion.

It is realized that the success of any campaign lies in filling up its tributary agricultural areas, and one of the best means of advertising land owners of the possibilities of their holding is to forward to these people special issues of dailies or weeklies in which are run special articles telling of the progress of the district, the crops harvested, and any other information that would be calculated to induce the land owner to go into residence upon his land at the earliest possible date.

While these few suggestions are of a certain value, it must be realized that the success of any publicity campaign depends upon the co-operation of the publicity agent meets with

JUST THINK OF IT

A Poor Hundred Dollar Upland Piano
Absolutely Given Away

That advertising is now a science

is again demonstrated practically to the buying public of this section by

the wonderful advertising system now employed by the most enterprising

business house of Wetaskiwin, who is

going to give away absolutely free to

some one of his customers on Decem-

ber 4th, the beautiful Upton Parlor

Grand Piano, which is now on exhi-

bition at his store. The Upton sells

for four hundred and fifty dollars and

is a high-class instrument in every re-

spect, guaranteed by the makers for

one year. The piano is in excellent

condition and fifty dollar piano to be

given away! A few years ago, if a

merchant was to do such a thing he

would be considered a fit subject for

an asylum, but conditions have changed, yet in the case of the enormous

amount of advertising given away by O. H. Johnson giving away a \$160.00

piano is a stupendous undertaking

and it clearly demonstrates their de-

sign to be "always up and a little a-

head" of the spirit of the times.

Even the idea of giving away a \$100.00

grand piano from any department of their store will receive a coupon good for

10 votes on the piano. The person

presenting to them the largest num-

ber of votes on December 4th will re-

ceive the piano absolutely free. No

travel will be charged for the piano,

which will receive an equal chance.

The reputation enjoyed by O. H. Johnson for "square dealing" insures this fact.

We think the buying people will ap-

preciate this extremely liberal offer on

the part of O. H. Johnson and we pre-

dict a lively scramble for votes.

WETASKIWIN, L. O. L. TAKES HONORS

According to the Bulletin the Edmonton Orangemen and those from the surrounding districts loyally celebrated the glorious 12th loyalty Tuesday morning, as with banners flying, drums beating and bands playing they marched through the principle streets of the city. The weather conditions were in every way favorable for a successful parade, and such the demonstration was.

The lodges outside the city turned out bravely and in full numbers, each headed by its own banner.

A special train of seven coaches was required to convey the Red Deer Lodge and their numerous friends to the city, and the regular trains on all the lines were crowded with the loyal followers of King William and their many admirers.

At eleven o'clock sharp, the procession left the Mechanic's Hall, Third street and went east to Athabasca avenue to First street, headed by two carriages containing the committee and some of the speakers of the afternoon. Following the carriages was the chief marshal and just behind him the citizens' Band. The band was succeeded by the different lodges in the following order:

- 1—Red Deer.
- 2—Ponoka.
- 3—Lacombe.
- 4—Lethbridge.
- 5—Wetaskiwin.
- 6—Edmonton.
- 7—Agricola.
- 8—Edmonton.

From First street the procession branched off to May street, then east to Queen's avenue and from there to Namayo avenue, turning on to Jasper avenue from Namayo and following Jasper as far as 16th street.

Coming up Jasper avenue the parade presented a brave appearance, as with bands playing and banners flying they marched along, each lodge separated slightly from the one before it. The Wetaskiwin Lodge headed by the Wetaskiwin band, which was followed by the banner of all the lodges upheld by four of Wetaskiwin's prettiest damsels arrayed in white and blue, took the honors of the day so far as appearance and numbers were concerned. They attracted much favorable comment from the large crowd of sight-seers who lined Jasper avenue as far as 16th street, turning west from the Great Estate.

At the Great Estate the different lodges disbanded and refreshments supplied by the Ladies' Aid Society of Westminster Presbyterian Church were partaken of.

A. H. Brady of Wetaskiwin won the 100 yards foot race.

The silver cup for baseball match was won by the Y.M.C.A. The following was the line up:

Y.M.C.A.—Parney, c; Morgan, 2a; Knott, 3b; Gassell, 1b; Grant, cf; Tripp, ss; Parada, rf; Waugh, lf; Crabs, p.

PUBLIC SCHOOL REPORT

The regular meeting of the public school board was held on Tuesday evening with all present.

Minutes of previous meeting read and adopted.

Accounts amounting to \$95 were passed for payment.

The secretary was instructed to

have waterworks and sewerage

connections made to both schools during the summer vacation.

The secretary was also instructed to

secure tenders for the work of kalsomining the walls of the Alexandra school, two coats, work to be completed by August 16th.

The committee appointed to consider the matter of additional play

ground in connection with Alexandra school, reported that they had offered

\$700 for the lot at the west side of

the grounds, but as this offer was

not accepted no arrangement was

made.

Applications for the four vacancies

on the teaching staff were taken up

and Miss Haughton, Miss Summerville and Mr. Pedley were appointed to positions on the staff.

Meeting adjourned.

ORIGIN OF PIPE WHEAT

Nearly a century ago David Fife, a Scotman who had emigrated to Canada sent to a friend in Glasgow, for a small bag of seed wheat to try

in a cleared patch of the back woods.

The friend obtained some seed from

a vessel just in from Dantzig. Unfor-

tunately it was an autumn wheat and

reached David Fife in the spring.

Only three wheat heads survived till

the autumn, but those three heads

were entirely free from the rust that

ruined the neighbor's crops, and

represented a new variety of wheat.

An autumn wheat turned into spring

wheat. David Fife treasured the three

heads and planted them in the spring.

Such was the beginning of Fife wheat

in America, a wheat now extensively used.

The ashman was raising a can of

oats above his head to dump the

contents into his cart, when the bot-

ton of the can came out. Ethel saw

it and ran in and told her mother.

"I hope you didn't listen to what

he said," the mother remarked.

"He didn't say a word to me," re-

plied the little girl; "he just walked

right off by the side of his cart, talk-

ing to God."

Somebody has put forth the argu-

ment that the real reason why the

cost of living is so high is that boys

no longer wear their father's old clo-

thes. It is a pity to lay it all on the

boy, for perhaps the father, too,

ought to wear his old clothes.

WATERWAYS' COMMISSION TO REPORT NEXT WEEK

The royal commission which inves-

tigates the Alberta and Great Water-

RADWAY'S EADY RELIEF
RHEUMATISM, SCIATICA

Strong Testimony of Emigrant Commissioner the Hon. George Starr, as to the Power of Radway's Ready Relief in a Case of Sciatica Rheumatism.

Mr. Koen Place, New York.
Dr. Radway—With my poor Ready Relief has worked wonders for me. I have had rheumatism for over 20 years and severe attacks, sometimes extending over a year, have been frequent. During the summer of 1908 I had a severe attack which lasted for 10 days. I consulted Dr. Radway and during the summer recommended by your men and found your product to be the best. I have tried various kinds of baths, manipulation, etc., and nothing has been so effective. I am now able to stand and prostrate myself at the most violent exertion.

Last September, at the request of a friend I submitted to Dr. Radway's Ready Relief. I was induced to try your remedy. I was then in a condition where I could not stand for more than 10 minutes without pain and swelling. To my surprise and delight I found that after a few applications of your Ready Relief, I was able to stand for 10 hours without pain. I would like to thank you for your wonderful product. Although I have slight periodical attacks approaching sciatica, I am now able to stand for 10 hours without pain. I feel that your Ready Relief is the best product on the market. I have no fear of the situation. Radway's Ready Relief is my friend. I never take anything else.

DAYSLAND

(From The Press)

John P. Kroebel, of Wetaskiwin, spent last week-end with friends here and at Hastings Coules.

A. McCulloch, from near Strome, brought in a sample of Red Fife wheat yesterday, grown on last year's break ground, which was nicely headed out and stood forty inches high.

The pupils of the primary department of our schools, on Friday last presented the retiring teacher, Miss Annie M. Lyons, with a beautiful copy of Browning's poems and a box of stationery, as a slight expression of their esteem. Miss Lyons left on Monday morning for a trip east, but we understand, hoped to be able after the vacation to take a school in the southwestern part of the province.

Victor Fransen, a homesteader located northeast of town a few miles, has disappeared, and his wife has caused a search to be made for him. He got far without result. Shortly after Victoria's departure, a young man who had been helping about the place fired a shot at a gopher, and in some peculiar way the shot hit a nail near the house which contained dynamite. As a consequence one side of the house was badly damaged and Mrs. Fransen has gone to live with her parents south of town.

Acting promptly upon a request by wire from Major E. W. Day, from Winnipeg, to send samples of grain and grasses from here for the Winipeg fair, the message only being received yesterday afternoon, a few of our business men made a hurry-up trip around the country and had put in shape, ready for shipment by this morning's train, as fine a display of fall and spring wheat, barley, rye, oats, timothy, alfalfa, Mammoth Red Clover, Alewife Clover and flax as one could wish to see, and, according to some travellers, better than anything that is being shown at the fairs. Word has been received that the samples sent to Calgary fair took first prize.

On the morning of Friday, July 1st the saddle horse of Charles H. Mutard, a rancher on the Battle River, near Loveland, arrived at the ranch house without its master, thus indicating the probability of an accident having happened to the rider on the range. Mrs. Mutard gave alarm as quickly as possible when a search was started.

At about eleven o'clock in the forenoon of July 2nd, James G. Nulph discovered the body of Mr. Mutard, in his own pasture, lying in a brush patch, about fifteen rods from the trail. Apparently life was extinct, but he was carried to the ranch-house and Dr. Dugan, of Killam, and Dr. Lion, of Castor, were sent for. Both physicians arrived about nine o'clock in the evening.

Injuries were discovered on the head and shoulders, probably caused by being thrown from his horse. Mr. Mutard died on Monday, July 4th, at 9.45 p.m., having never regained consciousness.

A Swede entered a post-office in the northwest and inquired:

"Bare any letters for me today?"

"What name please?"

"Ay tank de name is on de letter."

THE CROP SITUATION

All business men and all others interested, have their eyes just now on the crop progress in Manitoba, Alberta and Saskatchewan. It is upon the grain yield that Western Canada still depends. There have been rumors abroad that much damage has been done by dry weather. Now the Commercial always makes an effort to report the conditions accurately, and we will endeavor to do so this time.

In parts of Southern Manitoba and Southern Alberta quite a few fields have suffered from the drought, and although there has been plenty of rain recently, the fields referred to will not yield much as if the season had been more favorable some weeks ago.

In most of Manitoba, most of Saskatchewan the crops are doing splendidly.

There has been plenty of moisture, the wheat is heading out well, up to straw three feet high and more, and a heavy yield is anticipated. There is the same old story of the small damage being greatly exaggerated by interested parties, and these exaggerations make more of a sensation outside than the more authoritative advice of good conditions.

There never was a year, and never will be a year, in which some districts will not have a certain amount of failure, and the man that loses his crop makes a great deal more fun than the man who can report a phenomenal yield. This country is so vast that conditions vary very much in the different provinces, and even in different portions of the same province.

This year a thing to be counted upon is that the area under wheat is about twenty per cent. larger than last year and in face of the drought in a few districts, the total output next fall promises to be the greatest on record. Another thing is that owing to unfavorable prospects in the United States spring wheat area, and other countries, the world-wide situation is likely to cause higher prices sent to the market.

For all these reasons these provinces can rest almost certain of a very valuable 1910 wheat crop.—Commercial.

SPECIAL MEETINGS AT THE SALVATION ARMY HALL

Ensign and Mrs. Habkirk, of Edmonton will conduct special meetings in the Army Hall, Saturday, Sunday and Monday, July 16th, 17th and 18th.

These officers are old friends of the Wetaskiwin people and good times as well as good attendance are anticipated. The meetings will be as follows:

Saturday night Salvation meeting at 8 p.m.

Sunday morning Holiness meeting at 11.15 a.m.

Sunday afternoon, Free and Easy meeting at 3 p.m.

Sunday night, Great Salvation Rally at 8 p.m.

A cordial invitation is extended to all.

Monday night an ice-cream and cake social will be given. All proceeds devoted to the renovation of the Army Hall, which has been recently painted and papered throughout. These services should be well attended and liberal contributions given, as the officers in charge need your sympathy and assistance.

FERINTOSH

Although the rails on the Grand Trunk Pacific railway will not reach the new town of Ferintosh for at least another month, it is already a place of considerable importance.

The town is located on the wooded shore at the southern extremity of Little Beaver Lake, twenty-eight miles south of Camrose. It is surrounded by one of the best settled and fertile mixed farming districts in Alberta, the crops in which this year are very fine.

The places of business at present consist of a general store, two livery barns, two lumber yards, hardware store, drug store and doctor's office, hotel, two implement agencies, three real estate offices, barber shop and pool room, carpenter shop, butcher shop, boarding house, two restaurants, laundry and post office.

As soon as the railway line reaches Ferintosh the town must have a much more rapid growth and a number of grain companies have selected sites and will build elevators for this season's crop. It is only about eight months since the first building was erected in Ferintosh.

Have you any children?" demanded the landlord.

"Yes" replied the would-be tenant solemnly, "six—all in the cemetery." "Better there than here," said the landlord consolingly; and proceeded to execute the desired lease.

In due time the children returned from the cemetery, whether they had been sent to play.

Secure a Piano at About Half Actual Value

Announcement Extraordinary

To introduce our HIGH GRADE MASTERS PIANO quickly, without the aid of travelling salesmen, and the expensive method of newspaper advertising, and to make the name a household word throughout Western Canada, we have decided on the following plan—

To the first two people in each locality outside of the city of Edmonton who correctly solve the above riddle, and forward their reply to us, we will issue a due bill for \$255, good for its face value to apply on the purchase price of one of our celebrated MASTERS PIANOS, regular price \$550. To the next five who send us a correct reply we will issue a due bill for \$200 and the next ten we will issue a due bill for \$100.

These due bills will be accepted by us as so much paid on any MASTERS PIANO that may be accepted from our stock, and the balance may be arranged by paying \$25.00 cash and the balance on small monthly payments or otherwise, averaging \$10.00 per month if desired.

Pay Us No Money

Until the Piano is in your home and proves to be exactly as represented.

When you send your reply state what terms you desire, and when we send the due bill we will enclose one of our regular sale contracts, made out upon the terms mentioned above, ready for you to sign. When you order the piano, deposit \$25.00 with your banker, labeling it receipt, therefore, and forward the receipt and contract which you have signed to us, and upon receipt of same we will ship the piano to your address and deliver it free on board cars at Edmonton. When you receive the instrument, and find it to be as represented, notify your banker to forward the \$25.00 to us. If the piano is not satisfactory, notify us at once, and we will return your contract, and instruct you what to do with the piano. In this way you take no risk, and we say without fear of contradiction that you will be more than pleased with the fine qualities of the instrument you receive.

We have had over thirty years of practical experience in the piano business. All these years we have been studying the methods of piano construction and have our own ideas embodied in this piano, for the double purpose of producing an instrument to satisfy the critical and artistic ideas of the musician, and withstand the severe changes of climate characteristic of this country and also build a reputation for this house.

Our ambition has been rewarded by the production of a piano second to none. From the musician's standpoint, the scale is exceptionally even and well balanced, producing a rich, mellow, resonant tone, while the touch is light and elastic. These qualities, coupled with the solidity of construction and artistic case design, embodies all that can be desired in a STRICTLY HIGH GRADE INSTRUMENT.

WE ARE PROUD OF THIS PIANO THAT BEARS OUR NAME and unhesitatingly guarantee it for the term of TEN YEARS. REMEMBER, you pay us NO MONEY until the piano is in your home and proven to be exactly as represented.

BE SURE AND WRITE YOUR NAME AND ADDRESS PLAINLY, and mail your reply without delay. All replies must be received by us not later than July 23rd, 1910.

Meeting adjourned.

THE GREY BONNET CLUB

Under the above title a club has been formed for the purpose of enabling its members to enjoy weekend camps at the well known and beautiful spot Bittern Lake. The first members of the club are those who went last week on prospecting camp and located a spot about half a mile from Bittern Lake townsite, on the prettiest piece of the whole lake shore and enjoyed themselves so thoroughly that they decided to continue these camps throughout the summer months.

The land has been secured under lease and it is proposed to build a cottage to be used as a club house to start with, but the promoters have

THE FORMULA OF "FRUIT-A-TIVES"

IS ON THE OUTSIDE OF EVERY BOX
FOR ALL THE WORLD TO SEE

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and kidney tonics and antiseptics.

Everyone knows that fruit juice is healthy—but perhaps some do not understand why this is true.

Fruit juice consists of about 95% water, 5% of sweet tonics, and 1% of a bitter tonic. It is this quality of bitter principle in fruit juice that gives it medicinal value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus making it more nutritious and curative.

The juices are first extracted from fresh ripe oranges, apples, figs and prunes. Then tonics and antiseptics are added, and the whole made into tablet form.

"Fruit-a-tives" is the only medicine in the world that is made of fruit juices, and is one of the few remedies that have let their composition be known publicly.

"Fruit-a-tives" is nutrimental, liver tonic, Rheumatism, Headache and Impure Blood, this wonderful fruit medicine cures what nothing else can.

"Fruit-a-tives" is sold everywhere at a box, 6 for \$2.50, or trial box, 25¢, or will be sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

At Castor 75 per cent. of hay has been cut to date. General prospects are good. Showers have been frequent.

Very little hope of any grain, all bared up, reads the report from Aldersey.

At Okotoks rain is badly needed. Oats are 15 inches high and wheat and barley 14.

At High River the farmers have little hope for any kind of crop. No rain fell last week and the crops are slowly drying up. The outlook is very poor.

At Cayley the prospects are fair, two hours' rain having fallen, but at Nanton the heat can be expected to dry out the crop for cattle.

At Stavely 85 per cent. of the crop is destroyed and the weather is sultry.

Claresholm farmers expect to get a 50 per cent. crop. A five hours' rainfall improved conditions somewhat.

Prospects are poor at Granum and over three-quarters of the crop is destroyed.

At Brocket fall wheat is fair, but hay is a failure.

Fall wheat is poor at Pincher, and general conditions at Cowley are unfavorable. The expected yield is: Wheat, 20 bushels to the acre; oats, 30; barley 25; flax 10; hay 1 ton.

No rain last week made the prospects at Kipp worse than ever.

At Millat a seven-hours' rain fell and the weather is good and growing.

The outlook is bad at Monarch through the lack of rain.

At Daysland the grain is looking fine, but is short in places.

Heavy rains fell at Hawlf and the crops look good.

Grain is growing rapidly at Lambe and prospects are good. Showers fell last week.

Ten hours' rain fell at Penhold and general indications are favorable.
